PRICE LIST

OF

WHITE ELM

NURSERY COMPANY

FOR

1925

TERMS AND CONDITIONS OF SALE

These prices include free packing and free delivery to such places as can be reached without unreasonable expense.

They also include our guarantee to replace, free of charge, all plants which fail to grow the first year, provided they have been given proper care and payment has been made when due or arrangement for extension has been made.

Prices do not include planting.

Five of a kind at ten's rate, fifty at hundred's rate. Ten's rate will be allowed on all orders over \$50.00. Hundred's rate will be allowed on all orders over \$200.00.

Terms: 2 per cent ten days, 30 days net.

The plant names in this list conform to "Standardized Plant Names" as adopted by the American Committee on Horticultural Nomenclature.

Our nurseries are located at Oconomowoc, Okauchee and Hartland, with the main office at Oconomowoc, and can be reached conveniently by the C., M. & St. Paul Ry., T. M. E. R. & L. Co. or the Milwaukee-Oconomowoc bus lines.

We specialize in landscape work and are prepared to furnish plans and specifications alone, or will prepare plans, furnish material, and carry out the work in full, as desired.

We furnish the maximum in service, as our prices include packing, delivery and guarantee, and we try to give the maximum in quality. Discounts will be made where these added services are not desired.

TREES

The diameter (or caliper) "c" of all trees is measured six inches above the ground.

EVERGREENS

These prices include digging and delivering evergreens with ball of earth. This adds considerably to the expense, both in digging and delivery, but is well worth the added cost.

Evergreens are also included in our guarantee to replace free of charge. This is very unusual as evergreens are usually excepted from such guarantee. Sizes are given as height in feet, unless otherwise noted.

PERENNIALS

Perennials have increased greatly in popularity and in attempting to keep up with the demand, we have added new varieties to our list as fast as we have found them adaptable to Wisconsin conditions. We have grown increasingly large quantities until we now grow many thousands each year.

The plants quoted are all strong, field-grown, transplanted stock of sufficient age and strength to bloom the first year.

Perennials in No. 1 plants will be furnished in assortment at 35 cents each, \$3.00 per ten and \$25.00 per hundred.

These prices include delivery and our usual guarantee. Special prices will be made on large quantities, without delivery or guarantee.
